Student Driving Procedure

General Rules

While the College may grant permission for students to drive, the College does not encourage this practice as there is very limited parking available on the school site and all students should use public transport as the preferred means of transport. Driving a motor vehicle (excluding motorcycles and motor scooters) to and from the College is a privilege granted by the Deputy Head of College. This is to ensure appropriate standards of safety for all students (drivers, passengers, cyclists and pedestrians) and the controlled use of the College's limited parking facilities. All students wishing to drive to and from the College must complete this form *before* driving approval can be given. A licence will be issued and must be displayed on the car dashboard when at the College.

In order to drive to the College, a student must:

- Be in Year 11 or 12.
- Possess a valid NSW driver's licence.
- Have written parental permission to drive to and from the College.
- Drive the vehicle/s named on the application form, and no other.
- Obey all the rules and regulations of the NSW Road and Traffic Authority.
- Follow safe driving practices, agree to behave responsibly and drive carefully at all times to ensure the safety of all pedestrians and property.
- Be mindful of the playing of loud music and the volume of vehicle exhaust in relation to the rights of the residents, staff, parents and students.
- Agree to immediately notify the Deputy Head of College in writing of any changes to the details indicated over.
- Understand that any breach of these conditions may result in a loss of driving privileges.

The parent/carer who authorises the student to drive the nominated vehicle to the College warrants that the vehicle is **registered and covered by comprehensive motor vehicle insurance**. Students must arrange this permission by completing the *Student Driving Form*, on the back of this form. As a general rule, a student may use a motor vehicle to only travel to and from the College.

Carrying Passengers

While the College may grant permission for students to carry passengers, the College does not encourage this practice as the chance of accidents greatly increases when passengers are present in a student vehicle. Statistically, if three passengers are present in a vehicle, the driver is three times more likely to have an accident! On some occasions it may be necessary for another student to be a passenger in the student's car. In this situation, permission from the parents of both parties must be obtained. Siblings must also have parental permission.

Students must:

- Agree to only carry passengers with the prior written permission of parents and the passenger's parents. The names of these sanctioned passengers and written permission from their parents must be included on this form.
- Students must not allow any other student to drive the vehicle nominated overleaf.
- Passengers must not behave in a manner which could distract the driver of the vehicle or divert attention from the driver of other vehicles. The passenger must comply with all NSW Road and Traffic Authority rules and regulations.

Conditions Regarding Parking and Usage

In order to retain driving privileges, a student must comply with the College's conditions regarding motor vehicle parking and usage. Students must:

- Park only on the upper car park during College hours, progressively filling from the Northern end as there is very limited parking available.
- Ensure that windows of the vehicle are up, and the vehicle is locked.
- Be particularly mindful of the speed restrictions in and around the College grounds.
- Not access the vehicle during College hours.
- Leave only after the College buses have left the College grounds after College has finished for the day.
- Agree to relieve the College of any liability should the vehicle nominated overleaf be damaged whilst on College property.

The College does not accept responsibility for any traffic violation, theft, accident, misadventure, injury or damage to person or property, which may occur as a result of student usage (authorised or otherwise) of a motor vehicle or while a child is being carried as a passenger by this driver.

A *College Driving Permit* is to be displayed at all times on the dashboard of your vehicle while at the College. If the permit is lost, application for a new one must be made before using the vehicle again.
